Brownell's Cooking Range.

THE subscriber has just completed the invention of a new Cooking Range, to which he invites the attention of the public. This Range possesses qualities for expeditious boiling and cooking that other Ranges do not, and it occupies but a small space of room.

Brownell's Cooking Range has six eight inch boilers, any two, or four of which, can be thrown into one, so as to admit of a large boiler; and it is provided with a set of rings so that any size furniture can be used on it. Its Oven is large, convenient of access, and having an upward draft, it bakes evenly with a small quantity of fuel.

One of these Ranges is in successful operation at the store of the subscriber, subject to the examination of the public, who are invited to call and take a look at it. WILLIAM BROWNELL.

TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine de Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate rosy hue to the complexion. As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Haue's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medically, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and, by this method alone, effectually dissipates all redness, tan, pimples, freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most bilious complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life.

PENCIL SKETCHES OF TRAVEL.

LETTER XXVI.

SOUTHPORT, Wisconsin, July 4th, 1847.

MY DEAR SIR:—

This is our national birthday, and one year ago this morning I was enjoying myself in old Newport, little dreaming that at this time I should be in Wisconsin; so it is, we know not what a day may bring forth, or where we may be from one year to another. Our Independence was celebrated yesterday in most parts of the Territory, as the fourth comes on Sunday. I went out on the prairies with some friends, and passed the day very pleasantly. We rode thro' one town where there was a Temperance celebration, and all the good people from the neighborhood were assembled; dressed in their Sunday clothes; the marshalls rode on fine horses, and were decked off with such an abundance of gay sashes, badges and insignia of office, that I almost fancied myself among the aborigines of the soil. The day was very warm, and the dust so thick that it was almost impossible to breathe—it would rise in whole volumes from the multitude of carriages, and prevent us from seeing the heads of our horses. On our return in the evening there was a gentle breeze from the east, which blew off the dust, and we enjoyed the ride exceedingly. In the evening the boys fired crackers, and threw cotton balls in the air until nearly midnight, much to the alarm of the citizens lest some of the buildings should take fire.

During the last week all the boats have passed up from Buffalo, loaded with passengers on their way to the great River and Harbor Convention at Chicago; three boats have been in to-day, and two more are expected this evening, on one of which I shall go up.

In returning over the prairie last evening, we passed a large number of Dutch emigrants going out; they had their furniture &c. in wagons, on the top of which lay the old people and children, while the younger portion, both men and women, walked along the side of them. The Dutch women never wear bonnets, although they sometimes twist a sort of turban, peculiar to the nation, over their heads,—but as a general thing, they are uncovered. They are always a hardy healthy looking people, well browned by exposure to the sun, and capable of enduring a great deal of fatigue, more even than most of our men.

The winter wheat has nearly all been killed in Wisconsin, and the farmers will hardly reap enough for seed; but the spring wheat looks remarkably well, better even than any I have seen in Ohio. In some of it there is considerable smut, (similar to blasted corn with us) but the fly has not troubled it much. Spring wheat does not make good flour, being lighter than winter wheat, and quite unfit for foreign markets; flour must therefore be high during the coming year.

To give you an idea of the nature of the soil here, I will state that while out on the prairie a few days ago, I run my cane down in the earth to the handle without the slightest effort; and when I drew it out, it was covered with particles of dirt as black as ink, and so rich as to smell very offensive.

Horse-racing is a favorite amusement in Wisconsin, and hardly a day passes without some exhibition of this kind; this is generally one of the characteristics of a new country, and has a tendency to draw together a great variety of sporting men, who live by what they win at races.

The Hon. N. P. Tallmadge, formerly Senator in Congress from New York, but more recently Governor of this Territory, has been in town for several days past, on his way to the Convention; he resides in the north part of the territory, and is extensively engaged in farming. I have met him at several large parties, and find him a very agreeable and companionable man.

There are hundreds living in Wisconsin who have settled here for the purpose of rising with the Territory, and becoming prominent men in the State, in the day of her glory, when her influence shall be felt and acknowledged, and her power equal to that of the Empire State.

In conclusion, let me speak an honest and sincere word to all who may think of coming to Wisconsin to settle. If a man has property at the East, and is comfortably fixed in life, or if his business is such as will give him a decent living, he will show his wisdom to remain where he is; but if a young man is without means, and cannot establish himself in business, under any circumstances, why, it will do for him to emigrate, provided he can endure hardships, combat roughly with all kinds of men, and has a constitution to undergo the fever and ague, one of the worst diseases that can afflict a human being. It is almost sure death for an old man to attempt this,—the fever will prove more than he can endure, and he will only come to Wisconsin to find a grave. Still, it is a magnificent country, one of the most beautiful that God ever made, and, in the course of time, as the population increases, and the soil is sufficiently cultivated to absorb the vapor, and prevent the decomposition of natural vegetable matter, it will be one of the most healthy of the globe.

These are plain facts, and if you do not feel inclined to be governed by what I say, come out and survey the premises, and you will come to the same conclusion; I have no feeling on the subject, and simply desire to impart correct information which may be relied on by those who have an interest in the matter, or are desirous of knowing the truth about western life.

I shall leave for Chicago in a few hours, after having spent two weeks most delightfully in Wisconsin; I should be ungrateful to a generous people, and do violence to the natural impulses of my heart, did I not say that I feel unpleasantly at parting. They have been kind and attentive to me, and the ties of friendship which have been formed; will long live bright and beautiful in memory; and whether I ever meet them again or not, I shall always retain a vivid recollection of their many virtues, and look back upon my brief sojourn in Wisconsin as one of the brightest and happiest eras in my varied life.

Yours always,

FLORIO.

Highly Important to Persons using Spectacles.

THIS simple but very useful optical instrument becomes in the hands of a scientific Optician, the means of not only giving clear vision to a defective eye, but also to improve and preserve the same to the oldest possible age, by a proper application of its glasses. A fine flint glass, free of flaws, should always be applied with such a degree of convexity or concavity, precisely as the defect of vision requires; not more nor less, or else the result will be a faster decline of vision, and by the accommodation of the eye to an improper focus, will finally terminate in a total inability of reading, writing or sewing, in the prime of life. Persons not acquainted with optical principles, should never select spectacles without the advice of a skillful Optician, as the eye, this great masterpiece of divine mechanism, is a delicate organ, requiring their greatest attention.

The subscriber has taken a room in Vose's Washington House, at the head of Beach road, where he may be consulted for a short time. All persons desirous of obtaining superior glasses, fitted exactly to their eyes upon the first examination, will do well to call. His selection of Spectacles and Eye-glasses is very large, and his mode of applying glasses to suit the eye, will convince the visitor at once that he has trusted his most valuable organ into those hands to whom the same of right belongs.

He also recommends his Terrestrial Telescopes, which are astronomical, as first-rate instruments. The opportunity offered by the subscriber is rare, and it is hoped will be embraced by the citizens and the visitors of this place, at once.

MONDAY, AUGUST 2, 1847.

BY O. F. JACKSON, 97-THAMES ST.

ARRIVAL OF THE WASHINGTON.—The steamship Washington, with eleven days later European intelligence, arrived at New York on Friday noon. She sailed on the 40th inst., and put back on account of her coal being of a poor quality.

Since the sailing of the Britannia the weather has been very fine, and the crops look promising. American flour was selling for 34 to 39 shillings per barrel in London.

Affairs in Spain seem at present to be in a wretched state. Besides the open rupture of the Queen and her Consort, rumors of treacherous intrigues, even to the extent of designs, if not to assassinate, at least to dethrone the Queen, are generally circulated. These designs appear to have their chief seat in Paris, and every day brings fresh proof as the signal failure of the schemes of Louis Philippe, which he meditated compassing when bringing about the Montpensier marriage.

Typhus fever, to an alarming extent, prevails in Liverpool.

THE MORMONS IN CALIFORNIA.—The Washington Union denies the report which has been current for a few days, that the Mormon regiment and the settlers of that sect, now in California, had risen and rebelled against the American government in that region, and adds that no accounts to this effect have been received at any of the departments, nor have we heard of any private letters which confirm it. The last letter from Gen. Kearny is to the 17th of March, and it makes no mention of the Mormons at all.

LATER FROM VERA CRUZ.—Advices to the 18th inst., have been received from Vera Cruz. General Pierce had taken his departure with 2,500 men.

A battle took place near the National Bridge between the Americans and 400 Mexicans. The Mexicans were defeated with a loss of about 150 men. Gen. Pierce returned to Vera Cruz for reinforcements.

Gen. Scott was still in Puebla. Generals Cadwallader and Pilley were at Perote. The Mexicans had suffered a defeat at La Hoya.

There had been an appointment of two Commissioners by the Mexican government to confer with Mr. Trist. Santa Anna was supposed to favor peace.

Col. De Russy was attacked by 1200 Mexicans at Huegulla, surrounded and placed in great peril.

The Colonel cut his way through the enemy with the loss of 20 men killed and 10 wounded.

RESUSCITATION OF THE DROWNED.—The vulgar method of rolling drowned persons on barrels, and various other equally absurd methods of restoring suspended animation, no doubt more frequently kills than cures. Dr. Mott of the American Shipwreck Society, gives the following directions which cannot be too extensively promulgated:—

As soon as the body is removed from the water press the chest suddenly and forcibly downward and backward, and instantly discontinue the pressure. Repeat this without intermission until a pair of common bellows can be procured; when obtained, introduce the nozzle well upon the base of the tongue. Surround the mouth with a towel or handkerchief, and close it. Direct a bystander to press firmly on the projecting part of the neck, called Adam's Apple, and use the bellows actively. Then press upon the chest to expel the air from the lungs—to imitate natural breathing. Continue this an hour at least, unless signs of natural breathing come on. Wrap the body in warm blankets, and place it near the fire, and do every thing to preserve the natural warmth, as well as to impart artificial heat, if possible. Avoid all frictions until respiration shall in some degree be established.

An Englishman named John Higman has eloped from Plainfield, N. J., with Phebe Morrison, a girl 17 years old. Higman left a wife and three children—one of the children dangerously ill, and another only three weeks old. He was in the shoe business. William Griffin, also a married man, has eloped from Rochester with Nancy Pangborn, single woman.

CITY ITEMS.

23-August, the most delightful month in the year, in some respects, is upon us, and we hail him with a glad heart; not that we are in a hurry for cold weather and the piercing north winds, not by any means; for we would have August last all the year. This is the season for delightful rides and walks in the country, and we know of no place possessing more romantic scenery in its suburbs than Newport. The poet says of August:

As from the face of heaven the shatter'd clouds
Tumultuous rove, the interminable sky
Sublimely swells, and o'er the world expands
A purer azure. Through the light'ning air
A higher lustre and a clearer calm,
Diffusive tremble; while, as if in sign
Of danger pass'd, a glittering robe of joy,
Set off abundant by the yellow ray,
Invests the fields; and nature smiles revived.

Now the soft hour
Of walking comes; for him who lonely loves
To seek the distant hills, and there converse
With Nature; there to harmonize his heart,
And in pathetic song to breathe around
The harmony to others.

Now from the world,
Sacred to sweet retirement, lovers steal,
And pour their souls in transport, which the Sire
Of love approving hears, and calls it good.

Say, shall we wind
Along the streams? or walk the smiling mead?
Or court the forest glades? or wander wild
Among the waving harvests for ascent,
While radiant Summer opens all its pride,
Thy hill.

23-Early on Saturday morning the earth was watered by heaven's gentle showers, and at about twelve o'clock the clouds dispersed, and the sun came out warm. Previous to Saturday the weather during the week was quite cool, most too much so some of the time, to be comfortable without an over coat, but we may look out for warm weather enough to make up for all that, now, we think.

P. S. Sunday was a showery day, though we had no very heavy ones; and this morning as we go to press, the weather is "very uncertain."

23-We mailed a document in New London on Wednesday morning last for Newport, after which we remained there during the day, spent one day in New York, returned to Newport, and had been in town nine hours and a half when the document came to hand, and the said document came as quick as the mails, according to their arrangement, could bring it. This is putting the mails through with a vengeance.

23-We learn from the Warren Star that arrangements have been completed for the erection of a new cotton mill in that town, and that workmen are already employed in laying the foundation.

O Newport, Newport! how long will you be content to lay idle, while the towns all around you are amassing wealth from the high prices of all kinds of manufactured goods! How long will you remain blind to your own interests, and build up other places with your capital, to your own inevitable destruction?

23-We have established it as a rule, and every one must see the necessity of it, never to publish original poetry written in so bad a style that we can't read it ourselves, hence the reason of "Uncus" not appearing.

MR. JACKSON.

Str.—The following is an effort of a very youthful brain. He bids fair, I think, to rival many a far-famed poet. Will you have the goodness to insert it, as he is a Newport boy, and oblige one of your constant readers.

In the clear, bright light of Heaven above,
The surface of the base and stagnant pool
Is dark and turbid, while the mirrored surface
Of the crystal brook, reflects a depth
Of Truth and Purity.
So the face, index of the soul expression varies
With every change of thought below;
And the pure heart, wherein alone prevails
A love of God, confiding Faith, good will and Truth,
Angelic beauty beams, replete with Loveliness.

EXPLOSION.—The steamer Niagara left New York on Saturday morning for Albany, with about two hundred passengers on board, and after proceeding thirty miles up the river her steam chest exploded, carrying away nearly all the upper work of one side of the boat, killed two firemen, and scalded seven or eight passengers badly. The Roger Williams took her passengers off.

23-The U. S. ship Jamestown, from Boston for Norfolk, is reported ashore on Cape Henry.

INFERNAL RACIALITY.—On Monday last, says a London paper of the 2d July, "three individuals were taken into custody in Glasgow, accused of having, on that and the preceding day, been caught sprinkling a potato field with vitriol, in order to raise a panic in the price of grain."

NAVAL.—Orders were received at Norfolk on Saturday for the immediate equipment of the frigate Brandywine, destined for the coast of Brazil, as the flag-ship of Com. Storer. Such portion of the crews of the Raritan and of the Potomac, as have further time to serve, are to be transferred to the Brandywine, which is expected to sail during the month of August.

Gen. Taylor's Return.—The Cincinnati Chronicle publishes a letter from Adjutant A. W. Armstrong, dated Monterey, 18th June. With reference to the force under General Taylor, and the general's contemplated movements, Adjutant Armstrong writes as follows: "Gen. Taylor informs me that he has less than 3,000 men now under his command, including those at this point and at Saltillo; but it is his intention to move forward towards San Luis Potosi as soon as practicable; and he also assures me that he will positively return to the States in September next, whether there is a treaty concluded by that time or not."

23-Professor Olmsted disclaims, in an article over his own signature, being the author of a paragraph signed "O," which was published some time since, and has been extensively copied as his production. The idea advanced by the writer was that we shall have no heavy thunder showers, or hear of lightning striking, as long as we have Telegraph wires spread over the earth. This doctrine the Professor does not endorse, and it should not therefore be allowed to pass bearing his sanction.

23-A large lime-stone rolled from the top of a hill in the vicinity of Pittsburg on Monday afternoon. In its descent it rushed against a frame school house and instantly killed five children, beside wounding three others, one of whom it is feared may not recover.

23-The whigs of Maine have held a State Convention, and nominated David Bronson for Governor. Gov. Dana has been nominated for re-election by the democrats.

23-An Abolitionist National Convention, for the purpose of nominating candidates for the office of president and vice president of the United States, is to be held at Buffalo on the 29th of October next.

JONES'S SOAP.

Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan! Why, 'twill repulse the love of any man! Those freckles, too, you know they'd quickly fly if Jones's Soap you'd use; come once—do try—it costs but fifty cents, and I am told

It's worth, aye, doubly worth, its weight in gold. Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in beautifying the skin. For sale by Dr. R. J. Taylor.

23-Radway's Chinese Medicated Soap is superior to all imported French, Berlin, and other Soaps. Tan, sunburn, pimples, blotches, pustules, ring-worm, salt rheum, erysipelas, rash, scurvy, the bites and stings of mosquitoes, rough and discolored skin, pale and sickly complexion all yields to the curative propensities and beneficial influence of this valuable and delicious emollient. In fact, be the complexion ever so disfigured, or the skin discolored or diseased, Radway's truly excellent medicated soap never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer great annoyance during the summer season from the troublesome insects mosquitoes. Those persons, subject to these annoyances, by applying Radway's soap to such parts of the cuticle as is bitten, it will instantly alleviate the pain, subdue the irritation and instantly remove every vestige of blotchiness. For general toilet soap it is unequalled, it proves an agreeable perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. It is much cheaper than any other medicated soap, and is acknowledged by thousands to be superior to all others ever offered to the public. No Chinese Medicated Soap is genuine unless signed, R. G. Radway. Be sure to ask for Radway's Soap, and take no other. Sold for 12 1/2 cents per cake, by Dr. R. J. Taylor.

Dear Sir.—I take pleasure in communicating to all whom it may concern, and the public generally, the astonishing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years. Physicians told me that my liver was diseased, and that I might someday die with consumption. Last September, 1845, I took a slight cold, which produced a hacking cough; this continued until February, 1846, when I added another cold: my cough increased, I soon lost my appetite, and my strength failed. For six weeks I could not lie upon my side: I sweat very much at night, raised considerable blood during the winter, and could not speak aloud for two weeks. With all these bad symptoms, I had very severe pain in my side and between my shoulders: general debility followed. I was confined to my room about eight weeks. I had buried a sister and brother, both died with the Consumption. I expected to die myself; my friends also despaired of my life. At this time an uncle, who had been benefited himself, advised me to take

WISTAR'S BALSAM OF WILD CHERRY. I accordingly procured a bottle, took it, and felt some better; obtained another, and a third; then I ceased to bleed and my cough was much better; but my disease was so deeply rooted, I was obliged to continue taking the Balsam until I had taken seven bottles. I can honestly and truly say, I believe Dr. Wistar's Balsam of Wild Cherry saved my life.

MRS. MARY B. GOULD. We are personally acquainted with Mrs. Gould—assisted in taking care of her during her sickness, believe and know the above statement to be true.

Dr. Manning's Patent Lumpy Lace, For Weakness of the Back.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particularly and get Manning's Lace, and be put off with nothing else.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give you a favorable account of the Lace which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lace, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the splitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man. Sept. 4. S. W. HILL.

The great and only Successful Remedy for the cure of Consumption,
IS Dr. R. W. Vandersmith's INDIAN COUGH BALM and LUNG BALSAM.
READ—
Disease of the Lungs and Throat cured.
White Plains, April 20, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, &c., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 13, 1847.
Dr. Vandersmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing spells, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I had used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,
JAMES B. HENDERSON,

W. V. BRADY, Mayor of the City of New York.

Staten Island, June 10, 1847.
Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.
Yours, &c. ROBERT WILLSEY.

FOSTER'S SALOON.
An Extensive Lodging and Eating Saloon, CONDUCTED ON THE EUROPEAN PLAN,
Nos. 83, 85, 87, Broad-st., Providence.
THE subscriber having recently leased the entire upper part of the gentle and commodious brick house adjacent to his Eating Saloon, in Broad street, begs leave to inform his friends and the public generally, that he has just opened in connection with his Eating Saloon, an extensive suite of Lodging Rooms. This establishment will hereafter be conducted therefore, on the European Plan—that is, visitors will be accommodated with lodgings either by the day or week, as may be desired, upon the most favorable terms; wherein the Eating Saloon, meals will be served up to order, at all hours of the day and evening, at prices entirely satisfactory. The Lodging Rooms will be found to be spacious and airy, and the beds and bedding at all times clean and comfortable. In the Eating Saloon will be found an extensive Bill of Fare, comprising all the varieties and luxuries offered at the best hotels; any portion of which will be served up at any time in the best style and upon the very lowest terms.
Adjoining the Eating Room is a commodious Reading and Sitting Room, elegantly decorated with numerous costly paintings and engravings, and furnished with an extensive cabinet of curiosities, containing a great many rare and interesting things from all parts of the world. This room is regularly supplied with all the city papers; with many of the New York and Boston Journals, and with the magnificent London Pictorial.
In addition to the accommodations offered to gentlemen at this establishment, the subscriber has also handsomely furnished apartments for ladies, where they can at any time be furnished with dinner or tea, or with cake, confectionary, ice-cream, soda, &c., &c.
The subscriber would also give notice that he is constantly receiving fresh Oysters by the steamers, and that they may be obtained at his Saloon, in excellent condition throughout the season.
Merchants, travellers, and citizens generally, are invited to favor the subscriber with a call, as he believes his establishment offers peculiar advantages which need only to be seen to be appreciated.

Hyer's Pills.
The American Improved Hygienic Vegetable Medicine.
SAFE, CHEAP AND EFFECTIVE.—This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties.—During the last twenty years it has worked its way into extensive use, solely upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.
A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand more assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

CHINESE POWDER, which is unequalled
for the nursery, for restoring, beautifying, preserv-
ing the complexion, rendering the skin delicately
white, smooth and soft, preventing cutaneous
eruptions, chapping and obviating too copious per-
spiration. Travellers and residents in warm cli-
mates will highly appreciate this grateful appen-
dage to the toilet.

How much the beauty of a Sylph-like form is en-
hanced by a clear and brilliant complexion, is only
known to those who are suffering from freckles,
pimples, blotches, morphea, and other disfigu-
ments of the skin, occasioned by the use of powder
decorated with sweet names, such as Lilly White,

Ladies are Cautioned

AGAINST using Common Prepared Chalk.—
They are not aware how frightfully injurious
it is to the skin, how coarse, how rough, how sal-
low, yellow, and unhealthy the skin appears after
using prepared chalk! Besides it is injurious, con-
taining a large quantity of lead!

We have prepared a beautiful vegetable article,
which we call **JONES' SPANISH LILY WHITE**. It is perfectly innocent, being purified
of all deleterious qualities; and it imparts to the
skin a natural, healthy, alabaster, clear, living
white; at the same time acting as a cosmetic on
the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Mas-
achusetts says:—"After analyzing Jones' Span-
ish Lily White, I find it possesses the most beau-
tiful and natural, and at the same time innocent
white I ever saw. I certainly can conscientiously
recommend its use to all whose skin requires
beautifying."

LORRAINE'S PILLS.

DR. LORRAINE'S CURATIVE SYSTEM
OF MEDICINE is rapidly producing achievements
never before known in the cure of diseases. The
immensity of its wonderful results, alone demon-
strate that its principles must be founded on truth.
The relative proportion of Cures by this Medicine
is out of all proportion greater, than by any other
Medicine known.

THE THEORY is, that one blood beats in the
bosom, and flows through the body of every man,
and must be pure, it is the Vital Principle that sus-
tains life.

Physicians, and people of every class are willing
to come forward and announce, in the most public
manner that they have been cured of long standing
complaints—after another medicines had failed.
In fact there can be no doubt but that Lorraine's
vegetable Pills is the best medicine ever offered to
the public.

See a few public statements of men of truth and
virtue.

LYON, DEC. 17th, 1843.
Sir: I have sold all the pills I had of you,
please send another lot immediately. The sale of
Lorraine's vegetable Pills is rapidly on the increase,
they are becoming very popular. I sell more and
more every day. As a curative medicine and pur-
ifier of the blood, I think they stand unrivalled.
One fact I have noticed, that no one that has used
them finds any fault with them; they have wrought
some very great cures. One lady, who has been
confined to the house and bed, a great part of the
time, for twenty years, is now cured and able to
work most of her time, after having taken 3 boxes
only of Lorraine's Pills! I might name many
other cases where the cures have been as great,
but have not time. Yours respectfully,
J. E. R. MARSH.
Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's
Pills, we have sold all we had last. They have
given very good satisfaction, better than any other
pills which we have in our market. I think in
a short time they will take the place of others.
We have had no fault found with them whatever;
but, on the contrary, they have been praised loudly.
I think we could have quite a number of highly
respectable certificates from our citizens.
Yours respectfully,
E. MASON.
Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case
for publication, believing it to be my duty. I
have been confined with the Rheumatism nearly
the whole winter, have had some of the best phy-
sicians of Boston and could get nothing that would
relieve me more than temporarily. I heard of the
wonderful virtue of Lorraine's Pills, I had no faith
whatever, but I took them, and it is a solemn fact
that when I had taken but eight pills my Rheu-
matism had entirely left me, and I have remained
well ever since.

N. B. I never took more than one pill at a
time and that on going to bed.

Yours respectfully,
W. M. HALSTAL.

OPINION OF A SKILLFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any
philosophy to find out, how so small a pill can
produce such wonderful effects. I find that one
of them will operate more than 3 or 4 of any other
pill, yet in their operation, mild, gentle and com-
forting. On this account, they are more than 100
per cent, cheaper, as physics, than any other Med-
icine I know of.

These Pills are now acknowledged by thousands
who take them daily, to be the only medicine that
fairly takes the Bannier from all others. This ex-
traordinary medicine has actually done wonders
within one year past. They cause no pain or un-
easiness of any kind in their operation, and require
neither change of diet or care of any kind.

The attention of the reader is respectfully called
to the important results from the use of these Pills.
It will be seen, however great achievements have
heretofore been made by the use of this invaluable
medicine, still greater and more remarkable cures
daily happen.

Bogle's Hyperion Fluid; Or Vegetable Hair

Composition.

THE subscriber has been induced to bring this
article before the public, at the request of nu-
merous gentlemen, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing **BALDNESS AND GRAY HAIR**.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hardest hair into the most
soft, glossy, and healthy state, also imparts to it a
darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.

DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of the Womb, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Griscom of New
York, the Faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show many kind of testimony might be produced
in many cases: *Middletown, June, 25th, 1843.*

Dr. Boardman,
Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The pills, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit. Yours, &c. **WM. BANNING.**
Middletown, June 25, 1843.

Dr. G. M. Boardman,

Dr. Boardman,
Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, protrusion of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.

STEPHEN BROOKS, JR.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Support-
er from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher. J. * *

Doctor Boardman, proprietor of Bannings cele-
brated Patent Body Brace, for this state, has taken
rooms at No. 8, Broad street, where he may be con-
sulted, free of charge. He is enabled to treat, suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to nu-
merous cases in Providence, and this town. aug 28

MR. ABRAHAM VANDERBERG, of 98 Av-
enue D., New York, certifies that his head
was entirely bald on the top, and by the use of
two 3s. bottles of Jones' Coral Hair Restorative,
he has a good crop of hair, and will soon have it
long and thick.

Mr. William Jackson, of 80 Liberty street, Pitts-
burgh, Pa., certifies: On the 3d of February,
1847, that Mr. Thomas Jackson's head, on the
top, was entirely bald for 15 years, and that by
using two 3s. bottles of Jones' Coral Hair Restor-
ative, the hair is growing fast and thick, and will
soon be entirely restored.

Gray Heads! Gray Heads! Read—I hereby
certify that my hair was turning gray, and that
since I have used Jones' Coral Hair Restorative,
it has entirely ceased falling—is growing fast,
and has a fine dark look. Before I used Jones' Coral
Hair Restorative, I combed out handfuls of hair
daily. **WM. TOMPKINS**, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair
choked up with dandruff, and Jones' Hair Restor-
ative entirely cured it.

Do you want to dress, beautify, and make your
hair soft and fine? Read—I, Henry E. Cullen,
late barber on board the steamboat South Ameri-
ca, do certify that Jones' Coral Hair Restorative
is the best article I ever used for dressing, soft-
ening, cleansing and keeping the hair a long time
in order; all my customers preferred it to any-
thing else.

TO THE LADIES IN PARTICULAR.

MY DEPLATORY POWDER has been
found highly beneficial and of great use to la-
dies who have been afflicted with superfluous hair,
principally when its growth has been confined to
the upper lip and side of the face, giving a mascu-
line turn to the whole features. When used with
proper care, and according to the directions, it will
be found to be a great addition to the toilet, as the
use of any sharp instrument is entirely avoided,
and the hair is removed in five or ten minutes af-
ter its application.

This composition is infallible, and warranted to
remove superfluous hair. After numerous trials, I
have received certificates of success which cannot
be contested. For sale, wholesale and retail, at

CHEMICAL RESULT—A WONDER.

MY celebrated **VEGETABLE LIQUID HAIR**
DYE, to enable persons, to dye instantaneously
their hair, without the least inconvenience.—
For changing red or gray Hair, Whiskers, Eye-
brows, &c., to a Brown, Black, or Chestnut Color.
The slightest evil consequences need not be feared
from its use—it is altogether harmless. This com-
position is the only one sanctioned by the science
of Chemistry, to dye, in an indecible manner, the
various gradations of colors, without danger or in-
convenience, and has justified the liberal patro-
nage and unlimited confidence of the public. If
black is required, ask for box marked N., if brown,
box marked B.

MOTHER'S RELIEF.

IT is now about ten years since this medicine has
been introduced to the public, and it stands un-
rivaled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose;—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your es-
pecial and general good that you should make use
of one bottle of the **MOTHER'S RELIEF** before
confinement. Then you can approach the par-
turtive chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all morbid and nervous affection.
It soothes and shields from irritation and by
its peculiar properties it destroys the cause of her-
morrhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ened abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm,
from two to three doses will give immediate relief.
As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States,) or
on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bar-
noluck's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a fac simile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to. **DR. G. A. BARTHOLOMEW**,

Miracle.

ON the 4th of August, in the year 1843, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (for science was triumph-
ant,) and his voice with gratulatory tone, deliv-
ered the following report:
"We are astounded at this singular preparation.
Where indeed will science stop! Here we have
a preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment of, and even discolored skin! Where will
its magic and singular power cease! The Negro,
the Creole, the Yellow Race of the East, and the
Red Man of the far West, are alike under the in-
fluence of its extraordinary powers of clearing yel-
low or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence,
who, after reading the above, will doubt the qual-
ities of **JONES' ITALIAN CHEMICAL SOAP**,
in curing Pimples, Blotches, Salt Rheum, Scurfy,
Erysipelas, Sore Heads, Old Sores, Beard
and Barber's Itch, Chapped and Tender Flesh, Freck-
les, Tan, Sunburn, and changing dark sunburn or
yellow skin to a pure, clear white, as smooth and
soft as an infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct., 1844.]
One of our subscribers, **Mr. H. Leonard**, in-
forms us that he has been cured of old, scaly Salt
Rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—we speak of Jones' Italian
Chemical Soap. He also informs us, that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was
afflicted with for many years, by part of, a cake of
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
will be too much discouraged to try the genuine,
we say to such, try this once—you will not regret
it; but always see that the name of **T. JONES**
is on the wrapper. For sale in Newport by

**DOCT. EMANUEL'S BALSAMIC LUNG
AND COUGH JELLY.**

THE materials of this Jelly are purely vegetable
and balsamic, and are the invention of an emi-
nent physician, from whom the proprietor has pur-
chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of rich and poor.

Names and residences of persons residing in the
city of New York, who have benefited or been
cured by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:

Mr. Eliran Anents, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,
with a hacking cough, and shortness of breath
of breath. He used part of a bottle of Dr. Emanuel's
Balsamic Lung and Cough Jelly, which per-
fectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic
Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful
hearts of these respectable citizens of New York,
appeal to your hearts and understandings, if you
are afflicted with any pulmonary complaint,
cough, cold, &c.

Orange country, April 19th, 1846.

Dr. EMANUEL.

Dear Sir—You may perhaps think my state-
ment almost incredible. My reason for fearing
so is the fact of your never recommending your
Jelly for the cure of confirmed consumption, but
only in its primary or first stages. I have every
reason to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain
statement, let me conjure you to pause, ere it is too
late; try this Balsamic Lung Jelly—try it. I have
put its price to you as low as I can afford; if you
use it, and succeed in curing yourself, I shall have
the gratification of having rescued another from
consumption; and I hope, in return, that you will
not withhold from me your name, and a statement
of your cure.
